

LEVERAGING EVENT TECHNOLOGY

WE HELP COMPANIES CREATE UNFORGETTABLE EXPERIENCES

WHO WE ARE

Through collaboration and technology innovation, we help our customers exceed their expectations.

Our highly customized approach to events allows us to listen to your goals and objectives and offer a differentiated experience tailored to your unique needs versus the one-size-fits-all approach you'll get from the other guys.

Plus, we think differently about ROI, investing heavily in things like R&D, team infrastructure and internal processes to ensure the highest-quality customer service. This means you can focus more of your time on what's really important: producing unforgettable events.

OUR SOLUTIONS

Cutting-edge event technology
solutions tailored to your story.

GENERAL SESSIONS

From understanding your business objectives to implementing solutions that maximize impact and minimize costs, we collaborate closely with you every step of the way.

BETHENNY FRANKEL
Entrepreneur, TV Personality,
Author & Philanthropist

A man wearing headphones is seen from behind, operating a sound mixing console in a conference hall. In the background, a large screen displays the text "DOWNLOAD IT" and a logo. Other people are visible in the background, and a large chandelier hangs from the ceiling.

Our streamlined backstage logistics, from AV equipment to staff management, guarantees smooth operations and cost savings, without sacrificing attendee experience.

BREAKOUT SOLUTIONS

A large crowd of people is gathered in a dark theater, looking up at a massive, illuminated blue whale sculpture. The whale is the central focus, with its head and eye clearly visible. The scene is dimly lit, with the whale's body glowing with a blue light. The audience is silhouetted against the bright light of the whale.

With our expertise in pre-visualization and R&D capabilities, we
create immersive environments for unforgettable events.

STAGE & SCENIC

UNIQUE ACTIVATIONS

Step into a world of wonder with our exclusive 3D projection mapping systems, designed to captivate and surprise attendees.

Trust our remarkable team to handle all your rigging needs. Our experts bring unmatched expertise and finesse to every project. From meticulous drafting to flawless execution, we tend to every detail.

DRAFTING & RIGGING

When you team up with AV Concepts, our experienced project management team becomes your dedicated support system, guiding your event to success at every stage.

PROJECT MANAGEMENT

VIRTUAL & STREAMING

Elevate your virtual events with seamless production, captivating content, and innovative creativity.

From rock concerts to corporate presentations, holographic effects captivate audiences with interactive avatars and dynamic visualizations.

HOLOGRAPHIC EXPERIENCES

INNOVATIVE SOLUTIONS

BREAKOUT IN A BOX (BOB)

AV Concepts' Breakout-in-a-Box enables fast setup of breakout room AV through a custom-engineered component system that contains everything a breakout room needs to accompany the projector and screen.

BREAKOUT IN A BOX (BOB)

With a 33% reduction in labor setup and strike time per breakout rooms, the BOBs ensure rapid deployment of conference breakout rooms.

TRADE-SHOW BOOTHS

From general lighting to complex unique activations to providing full AV Services to all Expo Members, AV Concepts has the ability to meet your Expo Services needs.

The perfect blend of quality and affordability. With 100% sustainable materials, you can indulge in the scenic setup you desire, without compromising the well-being of our environment.

AV DROP

ADDITIONAL SOLUTIONS

From experiential design to technical expertise, content production, and unique activations, our comprehensive suite of services ensures every aspect of the event is meticulously curated to bring the client's vision to life.

CREATIVE SERVICES

Eliminate unnecessary delays and late start times caused by last-minute file uploads, laptop changes, and more.

PRESENTATION MANAGEMENT

DIGITAL SIGNAGE

Introducing our WiFi-Controlled Digital Signage solution, enabling instant updates for dynamic content delivery. Through our service, you can effortlessly manage and update your signage remotely, ensuring timely and relevant messaging for their audience.

Dell World

Social media listening command center

Driving real-time engagement like never before. From live event updates to user-generated content, our platform ensures dynamic and engaging experiences that keep participants actively involved.

SOCIAL MEDIA WALLS

WHAT OTHERS HAVE TO SAY

“

We chose AV Concepts because they're creative, reliable and they roll with the punches with us. We love to be creative and different and when we're inspired, we love to see new things happen. What's great about AV Concepts is that they too are inspired by their work and together, I think we work better and we come up with incredible events and incredible experiences for our customers.

Elissa Fink, Former CMO, Tableau

“

Thank you for helping to make this loanDepot event a tremendous success! We couldn't have done it without you. Many thanks for all the of your excellent preparation.

loanDepot

“

Working with AV Concepts, the most valuable thing that they bring to us is trust. We have the most influential group of leaders in the room. It's our Super Bowl, and we want to have the peace of mind and trust that it's going to be the best in the world. That's what we represent. That's what we showcase, and that's what AV Concepts gives us comfort with.

Roman Tsunder, Co-Founder & CEO, PTTOW!

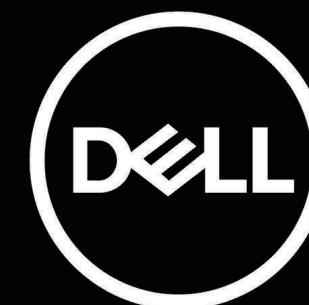

An aerial view of a large outdoor event space, likely a convention or festival. The area is filled with people walking around. There are several tents and booths, some with colorful canopies. In the background, a large stage is visible with a colorful backdrop. The space is flanked by rows of palm trees, creating a tropical atmosphere. The ground is paved, and there are some flower beds with pink flowers in the center.

“

"Ever since VidCon grew to need a venue the size of the Anaheim Convention Center, AV Concepts has been there to provide all of the show's audio-visual and staging needs."

Hank Green, Co-Founder, VidCon

Working with the top Agencies, Brands, and Associations
